“Learning together, to be the best we can be”

1. Context

1.1. This policy applies to Early Career Teachers (ECTs) who started their induction on or after 1 September 2021.

1.2. This policy is based on:

1.2.1. The Department for Education's (DfE) statutory guidance Induction for early career teachers (England)

1.2.2. The Early career framework reforms;

1.2.3. The Education (Induction Arrangements for School Teachers) (England) Regulations 2012

1.3. The 'relevant standards' referred to below are the Teachers' Standards.

1.4. This policy complies with our funding agreement and articles of association.

2. Aims

2.1. Across Nexus Multi Academy Trust we aim to:

- 2.1.1. Run an ECT induction programme that meets all the statutory requirements underpinned by the early career framework (ECF) from 1 September 2021;
- 2.1.2. Provide ECTs with a supportive environment that develops them and equips them with the tools to be effective and successful teachers;
- 2.1.3. Ensure all staff understands their role in the induction programme;
- 2.1.4. Nurture and develop ECTs to become the best they can be.

3. The ECT induction programme

- 3.1. The induction programme will be underpinned by the ECF, enabling ECTs to understand and apply the knowledge and skills set out in the ECF.
- 3.2. Prior to the ECT serving their induction, the Headteacher and appropriate body must agree that the post is suitable.
- 3.3. For a full-time ECT, the induction period will typically last for 2 academic years. Part-time ECTs will serve a full-time equivalent. Up to one term of continuous employment may count towards completion of the induction period.
- 3.4. The programme is quality assured by our commissioned Appropriate Body and is enhanced by regular network meetings to contextualise the ECF within Nexus schools.

4. Posts for induction

4.1. Each ECT will:

- 4.1.1. Be provided with the necessary employment tasks, experience and support to enable them to demonstrate satisfactory performance against the relevant standards throughout, and by the end of, the induction period;
- 4.1.2. Have an appointed induction tutor, who will have qualified teacher status (QTS);

- 4.1.3. Have an appointed induction mentor, who will have QTS;
- 4.1.4. Have a reduced timetable to allow them to undertake activities in their induction programme; in their first year, this will be no more than 90% of the timetable of our existing teachers on the main pay range, and in their second year, this will be no more than 95% of the timetable of our existing teachers on the main pay range;
- 4.1.5. Regularly teach the same class or classes;
- 4.1.6. Take part in similar planning, teaching and assessment processes to other teachers working in similar posts;
- 4.1.7. Not be given additional non-teaching responsibilities without appropriate preparation and support;
- 4.1.8. Not have unreasonable demands made upon them;
- 4.1.9. Not normally teach outside the age range and/or subjects they have been employed to teach;
- 4.1.10. Not be presented with unreasonably demanding pupil discipline problems on a day-to-day basis.

5. Support for ECTs

5.1. The Trust support ECTs with:

- 5.1.1. Their designated induction tutor, who will provide day-to-day monitoring and support, and co-ordinate their assessments;
- 5.1.2. Their designated induction mentor, who will provide regular structured mentoring sessions and targeted feedback;
- 5.1.3. Observations of their teaching at regular intervals, and follow-up discussions with prompt and constructive feedback;
- 5.1.4. Regular professional reviews of their progress, to take place termly (except in terms where formal assessment is held), at which their induction tutor will review objectives and revise them in relation to the relevant standards and their current needs and strengths;
- 5.1.5. Chances to observe experienced teachers, either within the school or at another school with effective practice.

6. Assessment of ECT Performance

- 6.1. Formal assessment meetings will take place in the final term of the ECT's first year (term 3) and the final term of their second year (term 6), and will be carried out by the Headteacher or the ECTs induction tutor, delegated by the Headteacher.
- 6.2. These meetings will be informed by clear and transparent evidence gathered from progress reviews during the preceding assessment period, and drawn from the ECT's work as a teacher and from their induction programme. Copies of the evidence relied on will be provided to the ECT and the appropriate body.
- 6.3. After each formal assessment meeting, a formal assessment report will be completed that clearly shows how the ECT is performing against the relevant standards. The Headteacher will also recommend to the appropriate body in the final assessment report at the end of the programme as to whether the ECT's performance is satisfactory against the relevant standards.
- 6.4. The ECT will add their own comments, and the formal assessment report will be signed by the Headteacher, induction tutor and the ECT.
- 6.5. A copy of the formal assessment report will then be sent to the appropriate body. The final assessment report will be sent within 10 working days of the meeting, for the appropriate body to make the final decision on whether the ECT has passed their induction period.
- 6.6. In the event that the ECT leaves this post after completing one term or more but before the next formal assessment would take place, the induction tutor or Headteacher should complete an interim assessment to ensure that the ECT's progress and performance since the last assessment is captured.

7. At-risk procedures

- 7.1. If it becomes clear during a termly progress review or at the first formal assessment point that the ECT is not making sufficient progress, additional monitoring and support measures will be put in place immediately, meaning:
 - 7.1.1. Areas in which improvement is needed are identified;
 - 7.1.2. Appropriate objectives are set to guide the ECT towards satisfactory performance against the relevant standards;
 - 7.1.3. An effective support programme is put in place to help the ECT improve their performance.

- 7.2. The progress review record or formal assessment report will be shared with the appropriate body, alongside the support plan, for it to review.
- 7.3. If there are concerns about the ECT's progress during their subsequent progress reviews or formal assessment, as long as it is not the final formal assessment, the induction tutor or Headteacher will discuss this with the ECT, updating objectives as necessary and revising the support plan for the next assessment period.

8. Role & responsibilities of the ECT

8.1. The ECT will:

- 8.1.1. Provide evidence that they have QTS and are eligible to start induction;
- 8.1.2. Meet with their induction tutor at the start of the programme to discuss and agree priorities, and keep these under review;
